## Genesis X2™

The Genesis X2 adds a new level of sports-inspired style to the number one selling line of premium safety eyewear while delivering a wide range of superior performance benefits:

- Exceptional comfort, protection and style
- Dual 9-base wrap-around lens provides uncompromised peripheral vision and side protection
- Soft flexible fingers adjust and conform to almost any nasal profile to reduce slippage
- Soft elastomer browguard diffuses and deflects impact
- Ratcheting temples allow customized lens inclination
- Lenses available in a variety of task-specific lens tints with Ultra-dura®, Uvextreme® and Dura-streme™ lens coating options
- Easy and economical lens replacement system
- Meets ANSI Z87+ standard
- Meets Mil V<sub>0</sub> ballistic test for impact (Protection against impact energies 7x higher than ANSI requires)
- Lifetime frame guarantee
- Made in USA

Uvextreme® anti-fog coating performs under the most extreme conditions and will not wear off after repeated cleanings. It is permanently bonded to the lens and retains anti-scratch, anti-static and UV protection properties. Ultra-dura® hard coat is permanently bonded to the lens and is scratch-resistant and chemical-resistant. Uvex Dura-streme™ lenses combine our two best lens coatings on one lens: Ultra-dura on the exterior and Uvextreme on the interior to provide up to 3x\* more lens life. Advanced TPE formulation performs exceptionally well in environments where chemical mist, cutting oils and high humidity are present.

\*Comparative lens life test performed using a Bayer Abrasion Test method and may vary between environment and application.

**The soft brow guard**  
absorbs and diffuses impact energy.

**Soft, flexible nose fingers**  
conform to fit a variety of nasal profiles.

**Aggressive lens design**  
adds sport-inspired styling.

**All Uvex lenses offer 99.9% ultra-violet protection and are available with your choice of tints.**

**Clear**  
Used for most indoor work applications.

**Espresso**  
Minimizes strong outdoor sunlight and glare.

**Amber**  
For low-light applications where enhanced contrast is needed.

**Gold Mirror**  
Deflects sunlight and glare.

**SCT-Reflect 50**  
Light mirror coating for varying light conditions.

**SCT-Vermilion**  
For indoor applications where contrast is needed such as inspection.

**SCT-Blue**  
Applications with high levels of sodium vapor lighting.

**Gray**  
Minimizes eye fatigue due to outdoor sunlight and glare.

**50% Gray**  
Minimizes outdoor sunlight and glare.
