SAVE $ BUY NOW
TRADE-IN YOUR OLD AED

The AED Plus from ZOLL. No AED or manufacturer can offer you more.
• The only AED with Real CPR Help – because every sudden cardiac arrest victim will need high-quality CPR
• A one-piece electrode pad – to make applying the pads as simple as possible for the rescuer
• A low total cost of ownership – there’s nothing to buy or replace for 5 years, as long as the device is not used

Superior Support in a Rescue 100% of the Time

Empowering rescuers with Real CPR Help
The ZOLL® AED Plus® continues to set the benchmark for design, dependability, durability, and performance. Only half of sudden cardiac arrest victims will initially need a shock, but all require high-quality CPR. The AED Plus guides rescuers in performing high-quality CPR and will deliver a shock if needed.
• Real CPR Help® technology provides real-time feedback on rate and depth of chest compressions and supports rescuers with integrated text, voice, and visual prompts.
• Five-year battery and electrodes mean fewer replacements, improved readiness, and the benefit of a low total cost of ownership.
• Optional PlusTrac™ AED program management ensures your AED is ready to go when needed.

Hope is in your hands with the AED Plus.
